

Are You Lost?

We Can Help!

Because Verify I-9, LLC is the most popular employment verification service online today, our site attracts a large number of employers who are trying to find or log into the E-Verify web site to submit new employees for verification.

Verify I-9 LLC is an official E-Verify Designated Agent approved by the Department of Homeland Security, but we are NOT the E-Verify program and this is NOT the E-Verify web site!

We certainly understand your confusion. The verification process can be a pain, especially if you are just getting started. The link to the E-Verify login page is below, but we hope that you will continue reading for just a second longer!

You Are on this Page for the Primary Reason You Should Hire Us!

You are a low-volume employer looking for the E-Verify Login or someone who is trying to muddle through the sign-up process. You do not have the time nor the manpower to set up and run a verification program on your own.

We can stop the hassles before they begin! We make verification as easy as dropping the completed I-9 form in a fax or sending an email, for as low as \$5.95 per employee. And with no setup charge and no monthly fees, it makes no sense NOT to hire us!

Please select a link below or call us at 888-WE-EVERIFY (933-8374, toll free) to get started:
